WASHINGTON C. H., OHIO, FRIDAY, NOVEMBER 9, 1917

Ten Cents a Week

TOTAL IS SHIFTING TO THE DRY SIDE AGAIN

Indicated Wet Majority Is Shrinking as Official Count Progresses.

Seventeen of the Larger Counties Report Unofficially.

Seventy-one Smaller Counties Have Reported Officially.

Wets Now Lead by Only 1407 Votes in the Totals.

Official Count Necessary, Says Secretary of State.

By Associated Press Dispatch.

Cincinnati, O., November 9.—(Bulletin)—At 2:25 this afternoon the wets were leading with an indicated majority of 1333 votes, 72 counties having reported officially and 16 unofficially. This includes the 60 counties canvassed by the Secretary of State. The vote stood: For prohibition 521,071; against prohibition 522,404.

By Associated Press Dispatch.

Cincinnati, O., November 9.—Differences between the official returns furnished by telegraph and the county seats and those officially turned in to the Secretary of State caused the pendulum to swing toward the dry side today.

The indicated wet majority shrunk through this process to 1407 with 71 county seats reporting officially and 17 including the larger cities reporting unofficially.

Sixty counties have reported officially to the Secretary of State and these figures have been substituted for the previous county seat reports in the tabulation. The total on this basis including 1832 votes gained by the wets in Hamilton county yesterday which were officially acknowledged are: For, 520,533; against, 521,940.

OFFICIAL COUNT

By Associated Press Dispatch.

Columbus, O., November 9.—Secretary of State Fulton declared this afternoon that the official count would be necessary to determine whether Ohio had voted wet or dry. State officials today took steps to make an investigation of alleged irregularities in Hamilton County. Attorney General McGee conferred with Secretary of State Fulton on Thursday and suggested that Assistant Secretary of State Thomas M. Gregory be sent to Cincinnati at once to make a probe.

Mr. Gregory went to that city last night and began his investigation this morning.

At one o'clock this afternoon returns from 69 counties and unofficial from 28 counties at the Secretary of State's office showed: for prohibition 521,097; against prohibition 520,126.

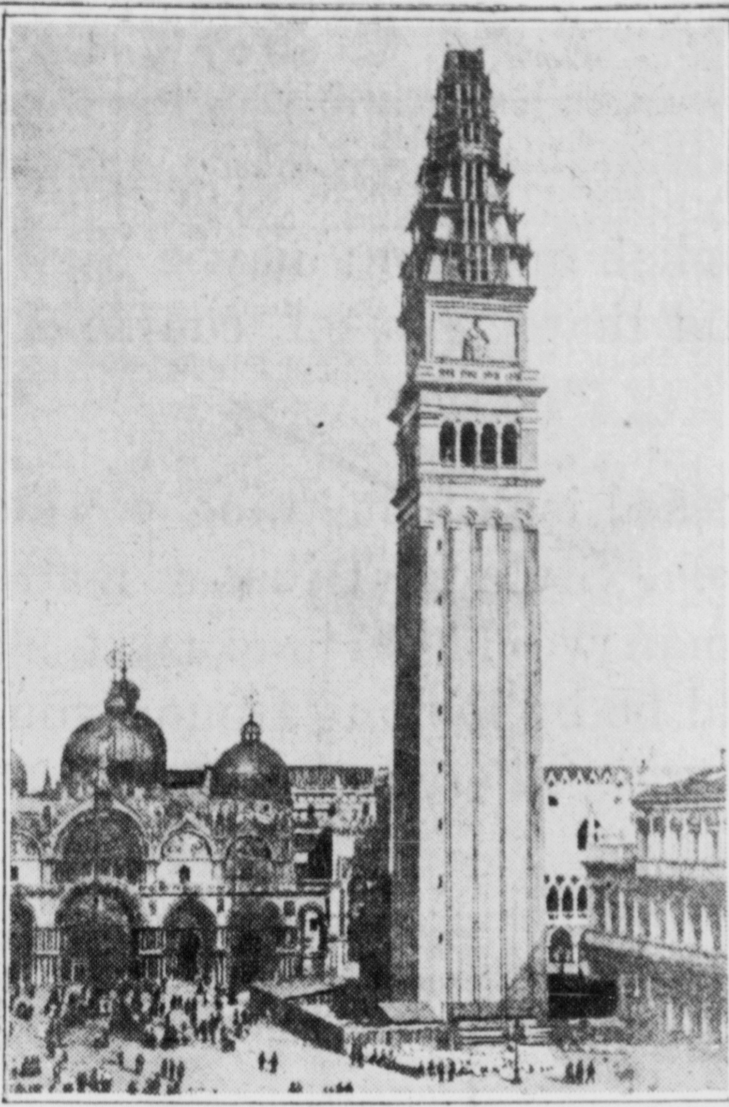

CLIPPING OFF TOTAL.

By Associated Press Dispatch.

Cincinnati, O., November 9.—Official returns from 69 counties and unofficial reports from the remaining 19 counties in the state, showed the following results early today:

For prohibition, 519,474; against prohibition, 522,008. This gives a majority of 2,524 to the wets.

VENICE MENACED BY TEUTONIC ADVANCE

THE CAMPANILE, VENICE.

According to dispatches, Venice is menaced by the Teutonic advance into Italy. The photograph shows the beautiful Campanile in Venice, which may be destroyed if the line of battle approaches the ancient city.

PORT CLOSED

Rio Janiero, Brazil, November 9.—(Associated Press Cable)—The government has issued a decree ordering the closing of this port.

POLICE SEEKING DOCTOR'S SLAYER

Mystery Surrounds Murder of Cleveland Physician.

By Associated Press Dispatch.

Cleveland, O., November 9.—Torn bits of an express receipt pieced together and found to relate to an express package shipped to Cleveland from Chicago today set the police on the trail of Dr. Harry L. Chapin, Cleveland physician, author and worldwide traveler, who was found dying from a fractured skull in a downtown hotel late yesterday afternoon.

Dr. Chapin died soon after being found. The coroner declares Chapin was murdered by being struck by a heavy weapon, wrapped in a handkerchief.

The suspect in the case is a former Cleveland man with whom the physician had business dealings for more than two years.

The arrest of the suspect, who is believed to have arrived here, is expected hourly.

The scraps of the express company receipt have been pieced together and show the name of the suspected murderer, a former Cleveland druggist, the existence of an illicit trade in narcotics and a probable motive for the killing.

The illicit trade uncovered was the handling of drugs in violation of the Federal laws.

This discovery brought on its trail admission by Mrs. Chapin that her husband was addicted to the use of drugs, and that the suspect kept him supplied.

Firing on an American Gunboat.

Peking, Nov. 9.—The American gunboat Palos was fired upon by Chinese bandits on the Yangtse Kiang near Chungking, in the province of Szechuan. The gunboat was damaged slightly. The Palos, of 190 tons, is one of a number of small gunboats which have been in Chinese waters for some time. Chungking is about 800 miles up the Yangtse Kiang from Shanghai.

KERENSKY WORKS TO TURN TIDE

Party of Revolutionary Radicals Gaining Adherents Among Soldiers.

Kerensky's Personal Appeal Turns Back Thousands.

"Death Battalion" Forced to Surrender to Avoid Bloodshed.

(By Associated Press Cable)

Petrograd, November 9.—At a meeting of the Congress of Soldiers' and Workmen's Delegates last night a member of the revolutionary committee said that on Wednesday Premier Kerensky at a town 23 miles from Petrograd addressed 6,000 soldiers who were on their way from the front to Petrograd.

After a conference the soldiers decided not to proceed further for the time being.

The women's battalion, which was among the defenders of the winter palace, surrendered yesterday before the battle.

WOMEN SURRENDER

A dispatch received from Petrograd said the women's battalion and the other forces holding the palace were compelled to surrender under fire of the cruiser Aurora and the cannon of the St. Peter and Paul fortress.

The Maximalists account said there had been no bloodshed.

WILL "TRY" KORNILOFF

(By Associated Press Cable)

Petrograd, November 9.—The military revolutionary committee has decided to bring General Korniloff, leader of the recent revolt, and his supporters to Petrograd and imprison them in the fortress of St. Peter and Paul.

They will be brought to trial before a military revolutionary tribunal.

ARMY JOINS REVOLT

(Associated Press Cable)

London, November 9.—A telegram reaching Amsterdam from a German source and forwarded by the Central News says the Russian army on the northern front has joined the Maximalists and is marching on Petrograd.

NAVY JOINS, TOO

(Associated Press Correspondence)

Petrograd, November 9.—A dispatch from Helsinki, Finland, says that delegates from Baltic fleet and army committee have resolved to adhere to the revolutionary committee.

The committee at Revel has occupied all the important strategic points.

FAMOUS TENOR TO SING FOR SOLDIERS

Camp Sherman, Chillicothe, O., November 9.—Evan Williams, famous concert tenor, is going to do the Harry Lauder stunt for the boys at Camp Sherman. It was announced today.

Williams is going to sing for the soldiers here just as the famous Scotchman sang for them in the European trenches.

Williams will sing at the central Y. M. C. A. auditorium Wednesday evening, November 21, and the thousands of boys who know him from graphophone records will get a chance to hear him and see him in person.

The popular tenor has tendered his services without cost to the national Y. M. C. A. and will visit all the large cantonments.

PROVISIONAL MINISTERS ARE CONFINED

Congress of Delegates Appeals to the Army to Stand Firm Until Peace Can Be Secured.

(By Associated Press Cable)

Petrograd, November 9.—Confirmation was obtained tonight that the former ministers of the Provisional government who were arrested by the military Revolutionary committee have been incarcerated in the Fortress of St. Peter and Paul.

The Congress of Soldiers and Workmen's Deputies today appealed to the Russian army to stand firm and protect the revolution against imperialist attempts until the new government has obtained a democratic peace.

WASHINGTON SILENT ON RUSSIAN CRISIS

By Associated Press Dispatch.

Washington, November 9.—Both the State Department and the Russian Embassy today were still without any official advice of any character whatever on affairs in Petrograd.

The State Department's last dispatch from Ambassador Francis was sent last Tuesday.

In the absence of official advice officials continue to withhold comment.

GAME AT TOLEDO

By Associated Press Dispatch.

Toledo, O., November 9.—The blue ribbon football event of the season will be staged here Dec. 1 between the division elevens of Camp Custer, of Battle Creek and Camp Sherman, at Chillicothe.

Major General Glenn the Camp Sherman commandant arranged this game to wind up the Camp Sherman team's campaign for army athletic equipment funds.

Another Camp Custer team is to play the Camp Grant team from the Rockford cantonment in Chicago, December 1st.

ITALIANS ARE RETREATING TO LAST LINE

Main Body of Troops Not So Hard Pressed by Invaders.

Rear Guard Actions Are More Determined.

Teutons Take 17,000 More Prisoners.

By Associated Press Dispatch.

In northern Italy the Austro-Germans have forced a crossing of the Livenza river and the Italians are retreating toward the Piave the last natural line before Venice.

General Cadorna's troops are making a more spirited resistance to the forward movement of the invaders, especially on the upper Tagliamento, and the upper Livenza.

The larger units of the Italian army are retiring without molestation from the Austro-Germans, but strong rear guards are giving battle to the Teutons at several points. An Italian attempt to hold out on the middle Tagliamento resulted in the force being cut off and 17,000 Italians and a general being taken by the invaders, increasing their captures, according to Berlin to 250,000. Along the Livenza General Cadorna's soldiers apparently are successful. The invaders crossed the Livenza only after a vigorous attack and in the region of the Vittorio, the Italians were able to detain the advance.

The Livenza is but a scant ten miles from the Piave, where General Cadorna probably will make a strong stand.

TURKS FLEE FROM THE BRITISH ARMY

(By Associated Press Cable)

London, November 9.—The entire Turkish army in Palestine is retreating toward the north.

British airplanes are following up the retreating Turks and are bombing them.

Forty Turkish guns were captured, says the British official statement.

British and French naval forces are co-operating against the Turkish communications along Mediterranean coast.

ALLIES MOVE TROOPS TO AID OF ITALIANS

Military Situation in Italy Is Discussed by Allies' Representatives.

Relief Is Being Rushed to General Cadorna's Army.

(Associated Press Cable)

Italian Military Zone, November 8.—Both British and French troops are moving toward the front. The British and French representatives, who have come to Italy, had a conference of two hours today with King Victor Emmanuel.

The military measure called for by the present situation were discussed in active and cordial collaboration. On leaving the King the party visited the French and British troops moving toward the front.

ON HUNGER STRIKE

MISS ALICE PAUL.

Washington, November 9.—The first hunger strike in the American agitation for votes for women is under way.

Alice Paul, national chairman of the woman's party, now doing a seven months' sentence in jail here for picketing the White House, is the striker.

So far the jail officials are taking the strike calmly and waiting for Miss Paul to get hungry enough to eat. Forcible feeding has not been discussed. But inasmuch as Miss Paul made somewhat of a record for herself as a hunger striker in an English jail several years ago, headquarters of the woman's party is quite confident she will give the prison officials a surprise if they expect her to yield quickly.

LILIUOKALANI REPORTED DYING

Physicians Say Aged Native Sovereign Cannot Live Many Hours.

(Associated Press Cable)

Honolulu, November 8.—Ex-Queen Liliuokalani of Hawaii was reported dying today. Physicians said she could not live many more hours.

The former queen had been in poor health for many months. Recently she seemed to lose all of the antipathy she felt toward the United States for the loss of her kingdom, and when the first Liberty Loan was offered she subscribed liberally.

Some time ago her picturesque audiences at which she received old friends were suspended because of her illness, but these were later resumed.

The ancient state was maintained to some extent and the shadow of a human being never allowed to cross the royal presence.

MICHIGAN VILLAGE BANK IS ROBBED \$18,000 IN CASH

By Associated Press Dispatch.

Jackson, Michigan, November 9.—The Farmers State bank at Concord, village ten miles south of here, was wrecked by burglars early today. The bandits escaped with about \$18,000 in cash.

WOMEN'S WORK OF TREMENDOUS AID TO NATION

Efforts of Local Women Have
Been Splendidly Productive of
Good Results.

Lack of More Universal Interest
Causes Task to Fall Heavily
on the Few.

More General Interest in Great
Work Among the Good Women
of the County Is Urged.

There is nothing of greater importance in the present war efforts than the war relief work in which the women of the country are now engaged. A visit to the War Relief work rooms in Memorial Hall is the duty of every woman in Washington and women from all parts of the country will be just as eagerly welcomed.

This is the hour for Universal service. The happy individual in the stress of today is the busy one who is doing his or her bit towards reducing the sum total of the misery imposed by the war lords of the Old World.

The larger the city the more enthusiastic seem the workers engaged in relief work. In the large cities all social doings have been merged into activities for the soldiers.

While there are many who have given nobly of the time and work in this city, there has been nothing like the general efforts of many other cities. A wonderful amount of work has been done by the few—an amount which is almost past belief but there

could be so much more done if all the women would rally to their capabilities.

Every woman in Washington should enlist in some form of war work. A visit to the work rooms would impress the visitor with the fact that much of the activity is carried on by the mothers and sisters of the soldiers already called to the service or to training for service. Is this fair?

Would it not be more fair if those mothers and sisters, spared the far greater sacrifice and who have not yet been called upon to part with their boys, would volunteer to "give up" some of their time or pleasure and share the burden with those who have offered to give their all and their lives?

The response has been gratifying to a certain extent, but so many more war workers are needed. Half the country is busy knitting and the work has been most gratefully received. The Red Cross is sending this week 25 complete sets of knitted articles and about twice that many more are in process of construction. Any one with finished work is asked to kindly send it in at once to the work room and the knitters are urged to complete the work as soon as possible.

Three hundred sets is the apportionment of the Fayette County Chapter and it is the aim and intention of the women in charge of this department that the local Chapter furnish that many sets or more.

The response to the call for knitters has been splendid and much more ready than to the call for sewing.

The knitting material has been hard to get but the sewing material is far in excess of hands to make it ready for use. An urgent request is sent out to each woman that she give at least one half day to the work of the work room—most of those who knit at home can also give some time to the other work which is quite as badly needed. At first boxes were packed with certain scheduled articles, but so urgent comes the call now that they are packed as far as possible with what ever is ready.

The B. H. Millikan and John M. Bell Posts have kindly sacrificed to the workers of the Red Cross and the National Defense League their club and social gathering room and many of the old soldiers take a lively interest in the patriotic work now going on there.

This is a call to every woman to become a War Relief volunteer. Every woman is urged to bring her thimble and enthusiasm and assist in this active work of service.

The Red Cross work days are Tuesday, Wednesday and Thursday and the Defense League days Monday and Thursday.

PAINT CHAPEL STARTS SERIES OF MEETINGS

A series of revival meetings at Paint Chapel to be conducted by the pastor, Rev. Myers, will be started Sunday night, November the 11th.

For some time the church management has been unable to get coal, but finally the preacher and half a dozen were able to "stock up" and it is safe to say that there will not be a more comfortable place in the county than Paint Chapel.

Every one is invited to come and help make the meetings a success.

Do You Like to Be Stylishly Dressed!

MAYBE you think that's a foolish question; maybe it is, until you try to answer it. Then you find that "Yes, of course I do," doesn't really answer it.

Because being stylishly dressed isn't something you decide for yourself, or your friends decide for you. Style isn't just a matter of opinion about clothes; if it were, every man would be in correct style; and you can judge what the variety would be by looking around you on the street, or in the windows of clothing stores. There are evidently a lot of different

No, the question of correct style is settled for you by style creators; and we know who the best ones are, and we have the styles they've created, ready for you here. You know who we mean.

Hart Schaffner & Marx
are style creators; they show you the right thing.

Not simply one model, there are many correct styles in their productions, there are many good patterns, and choice weaves. But the point is, when you are wearing these clothes, you **know** you're right so far as style goes.

Added to that, you get all-wool fabrics; you get the sort of tailoring such style ideas and such fabrics deserve. You get the service that such things give; and value for the price

To Cure a Cough Remove the Cause

Coughs are the result of inflammation caused by a cold invading the delicate capillary air tubes in the lungs. You will therefore see that a cough is a result and not a disease and can be overcome only when the cause is removed.

White Pine and Spruce Balsam (MENTHOLATED)

Allays inflammation and promptly corrects the condition in the lungs and bronchial tubes which causes the cough. Don't drug a cough—narcotics simply deaden the senses and afford temporary relief. Keep this remedy in your home and use it promptly when a cough begins.

CASES DISMISSED ONE MAN IS HELD ON ANOTHER CHARGE

Judge Carpenter, Friday morning, sustained a motion made by Attorney King, representing Pauline Gordon,

Ada Lindsey, Joseph Lowe and Wm. Reid, under indictment for pocket-picking and receiving stolen property in connection with Etta Perkins and Frank Williams, colored, and the indictments were quashed and all but William Reid discharged from custody.

Quite a number of witnesses were examined in the case prior to the motion to dismiss for lack of evidence,

and it was established almost beyond a doubt that the sextette had associated together but there was lack of evidence tending to incriminate them in the robbing of the New Philadelphia horseman who was relieved of a roll of \$500, and the robbing of whom was admitted by the Perkins woman and Frank Williams.

It was established that the sextette had been in the habit of assembling

together at a place in Columbus.

William Reid, under a charge of robbery in Columbus, will be turned over to the Columbus authorities, who claim to have the goods on him.

The aggregation is a bad one, according to the Columbus police.

Social and Personal

In a Texas paper is found a clipping concerning a recital given by a young Washingtonian, Miss Ruth Binghamman, and Miss Adeline Craig.

The clipping says: "Youth and girlish beauty in the persons of Miss Ruth Binghamman and Miss Adeline Craig supplied an entertainment of rare excellence Tuesday evening in the Gunter Hotel ballroom before a group of interested and appreciative listeners. Miss Binghamman, a musician of whom San Antonio long had reason to be proud and on occasion was her first public appearance in piano recital since her return from a season of study in New York with Ernest Hutcheson and her teacher."

Her program, given admirably in every instance, displayed a further development of the qualities that have won her praise.

Binghamman's big number was Chopin's Sonata in E minor, given with assurance, while another group of listeners consisted of Carpenter's scarcely less interesting "Polonaise American" and two delightful Scott numbers, "Dance Langoureuse," dreamily and gracefully rhythmic, pleasantly followed by "Dance Negro" built up

on a quaint negro theme at rapid tempo. Stojowski's "Chanson d'Amour" was given with rare charm and the program closed with a brilliant and colorful performance of Liszt's Tenth Rhapsody. Upon insistent recall, Miss Binghamman played beautifully "The Play of the Fountain," composed by her former teacher, Prof. John M. Steinfield and dedicated to Miss Binghamman."

Mrs. Harold Breakfield of the Greenfield pike assisted by Mrs. Addie McCoy gave pleasurable entertainment to the Golden Rule Class of Sugar Grove Church, Thursday afternoon.

After an hour's Bible study, the women spent the remainder of the afternoon knitting for the Red Cross.

National colors were effectively used in decoration. Light refreshments were served.

Misses Esther DeLong and Myrtle Fisher enjoyably entertained a double quartet of young people.

There was a hickory nut hunt, Miss Alma Eggleston won first prize, Miss Doris Kelley, consolation, and in a guessing contest Delbert Hess first and Kenneth Wain consolation.

Refreshments were served and Victrola music enjoyed.

The guests were: Misses Kelley and Eggleston; Messrs Delbert Hess, Kenneth Wain, Hubert Forlis, Neal Hoppess.

A very pretty party was given by Mrs. R. C. Teft at her home in South Solon, Thursday afternoon when the engagement of her daughter, Miss Gladys Hubbard to Mr. Wm. Kerns, of South Solon was announced.

The announcement was made in a novel guessing contest by Miss Ruth Zimmerman with little Marthenia McCoy a charming Cupid and Bert Moore a cunning page.

After the showering of best wishes the bride-elect presented the guests with an art photograph of herself and the groom.

Mr. Kerns is connected with the Dahl-Campbell Grocery Co. in this city, and the many friends of both Miss Hubbard and Mr. Kerns will learn with interest of their approaching marriage.

Miss Mary Edge of this city, assisted Mrs. Teft.

The annual inspection of the Women's Relief Corps was held Thursday evening.

In the absence of the President, Mrs. Sarah Thompson, Mrs. Sarah Sollars, Sr. Vice-President very capably filled the chair.

Mrs. W. C. Washburn of Cincinnati a woman of charming personality, inspected the ritualistic work most impressively and complimented the Corps in a most gratifying manner.

By request Mrs. Frank Carpenter read the patriotic poem written by her son Lieut. Fred Carpenter. Mrs. Washburn has a son in the Field Artillery at Camp Sheridan, Montgomery Alabama, and was so stirred by the poem that she asked for a copy.

The Executive Committee with Mrs. B. F. Leland Chairman served refreshments.

At seven o'clock Thursday evening, Rev. G. L. Grove united in marriage, Miss Murville Goodwin daughter of Mr. P. F. Goodwin and Mr. Tom Maddox son of Mr. and Mrs. Sam Maddox.

Mr. and Mrs. Maddox have the best wishes of their friends in this city.

Mr. and Mrs. Elmer Cockeril, entertained with a beautifully appointed six-o'clock dinner, Thursday evening at their spacious country home on the New Martinsburg road.

A yellow and white color scheme was prettily carried out in the four-course dinner served. A mound of yellow chrysanthemums formed artistic central embellishment.

As a surprise to the host and hostess the guests came masked and in all manner of fanciful costumes, which created a round of mirth throughout the evening.

The guests included: Mr. and Mrs. Ed Fite, Mr. and Mrs. Walter Craig, Mr. and Mrs. Hays Dill, Mr. and Mrs. Clarence Craig, Mr. and Mrs. Frank Haines, daughters Misses Juanita and Beata.

Miss Ada Woodward is spending several days in Cincinnati.

Mr. Joseph I. Taggart is a business visitor in Cincinnati.

The Agreement With Japan

The most important item of world news of the week is the official announcement that the United States and Japan have reached a complete and comprehensive agreement as to all matters which have been the excuse for all the dangerous jingo talk so disturbing to the government officials and for which there existed not the slightest real basis, apparently, in the shape of dangerous ambitions held by the people of either nation.

The open door policy in China is redefined and reaffirmed in the new agreement, the rights, the purposes and the ambitions of each nation, with respect to the orient, are completely and definitely marked out. While the agreement, in no sense constitutes the establishment or the recognition of the principles of a Monroe doctrine applied to the orient it is, in some important features, an affirmation of the new and broader doctrine as announced by America, recognizing the supremacy of peoples and the right to enjoy their own free from conquest by a strong military power.

While great emphasis is not laid upon that fact, yet the agreement as to the operations of naval and land forces is another of the important subjects upon which agreement has been reached. Perhaps, in its effect in the immediate future, that portion of the agreement is the most important of all.

It may mean Japan's more active participation in the war unless Russia can set her house in order in the near future.

But all that is speculation and speculation, too, on a subject that the war department says it is not advisable to indulge in at this time.

Whether it means anything in the immediate future or not the agreement is of tremendous importance in getting affairs between the United States and Japan into a binding agreement.

The Voters of Ohio

New York State voters took a long step forward Tuesday, when they extended the franchise to women and their action in that regard, while cause for congratulation is, nevertheless a little humiliating to Ohio women.

Mrs. Harriet Taylor Upton the Ohio Woman's Suffrage Association leader is inclined to look upon the two opposite election results, as evidencing that New York voters hold the women of their state in higher esteem than do the voters of Ohio.

We can't agree with that view. We believe Ohio men are just as loyal to the good women of the Buckeye state as the men of any other state are to their own women folks, but we fear that Ohio voters are a little slow to realize the great merit of the equal suffrage champions. Always when the question of equal suffrage has been voted on in Ohio there have been other "paramount" issues to divide attention and to distract the voters from a calm consideration of the claims of the women and this time was no exception to the rule.

Some of these days, and that soon too, the men of Ohio are going to realize that our women can do more good armed with the right of franchise than they can do without it and when that realization comes the suffrage will be granted.

We are going to keep on believing that Ohio men are just as appreciative of woman's splendid service and her capacity for good as any men are, no matter if equal suffrage is again defeated. Some day they are going to get right.

Russia

Later developments in Russia which, according to reports, have resulted in the overthrow of the entire provisional government, the deposing of Premier Kerensky and the seizure of power by the extreme radicals of all factions are discouraging to those who have hoped against the stern facts that Russia would settle down to the serious work of the hour.

The report that the extremists now in control will demand a separate and an immediate peace need not, it seems be accepted with fear that any such act it will be consummated.

Possibly the small group of selfish and ambitious radicals in control will endeavor to bring that result about but there is little chance that the great mass of the Russian people will support such a project.

When the uprising of Wednesday and Thursday is analysed it is disclosed that the extremists are at the root of it. Kerensky enjoys the respect of the thinking, sober minded Russian people, they may yet be able to undo the work of the Petrograd radicals and restore the provisional government.

There is no disguising the fact that Russia is in a bad way, so far as any effective governmental machinery is concerned. The army and the radicals are experiencing their first opportunity in the realms of dishonesty and some of the leaders are apparently making the most of their chances.

Poetry For Today

WHAT CAN I DO FOR MY COUNTRY?
 What can I do for my country?
 Why, a soldier, my friend, you can be;
 Whether you serve on land, in the home,
 Or whether you fight on the sea,
 If a man you can give your lifeblood
 To keep your flag in place;
 Look high to the God above you
 And pray for each land and race.
 Think not of America's freedom alone,
 But want every nation free;
 Let the rights of one be the rights of all.
 None oppressed by tyranny.
 The stripes that create our banner
 Show peace and bravery twined,
 And the stars that shine from our glorious flag
 Prove us brothers to mankind.
 As the stars in the heavens give light to the world,
 May our emblem here below
 Make bright the hearts of free-born men
 And guard them from the foe!
 If a woman, my friend, show your courage,
 Be a soldier in your heart;
 Be willing for father and brother
 Or dear one to do his part.
 Many can aid the wounded,
 Nurse and minister, too—
 The one to ease the body,
 The other the soul renew;
 If a child, my friend, bring a smile and a word,
 Warm hearts that might tend to grow cold;
 Help others to bear their burdens,
 Be a soldier to young and old.

WHAT YOUR LIBERTY BOND IS DOING

WARNING ISSUED AGAINST AUTO GAS

By Associated Press Dispatch.
 Columbus, O., November 9.—You can be "gassed" as effectively in your garage if you are not careful about its ventilation, as can any soldier in the trenches.

A warning from the state department of health today calls the attention of automobile owners to this menace, especially dangerous in the winter months.

The fumes of the gasoline engine exhaust, according to the department experts, are rich in carbon monoxide—a deadly poison, rendered all the more dangerous by the fact that it is colorless, odorless and tasteless.

If you run your engine inside the garage, provide an outlet for the gas fumes and an inlet for fresh air. Is the advice given by the department. Attaching a hose to the exhaust pipe and running it outdoors is a new "wrinkle" adopted by some motorists to permit them to close the doors in cold weather, when they are overhauling their motors.

The health department says there are no statistics available as to the number of deaths caused by gas from engine exhausts, but calls attention to the numerous newspaper stories headed "Found Dead in His Garage," or "Overcome by Gas Fumes."

The Herald wants ads always pay why not try one today.

BIG ACREAGE IS SOWN TO WHEAT CORN CROP HEAVY

The estimated area seeded to wheat for the harvest of 1918 is 1,970,755 acres. By comparison with the original area reported by the township assessors for the harvest of 1917, it shows an increase of 182,732 acres, and is equal to a 10-year average acreage. Only nine counties of the State report less than 100 percent compared with last year. Many correspondents report that the acreage was cut short owing to the late corn and scarcity of help. The early sown wheat is looking fine, late sown just coming through the ground. The condition of the growing plant is estimated at 85 per cent compared with an average.

The area seeded to Alfalfa will be 458,145 acres less than that of 1916. The area sown to Rye is estimated at 96,719 acres against 101,372 acres sown one year ago. The condition of the crop is estimated at 57 per cent compared with an average. Sugar Beets acreage is about equal to that of 1916.

The Corn prospects show a decline of five points since report of last month, being estimated at 89 per cent compared with an average. This should produce an average of about 32 bushels per acre, or a total production of approximately 108,398,788 bushels. The complaint of damage by frost is very general and much of the crop did not mature, resulting a sthe husking shows in

much soft and unmerchantable corn. The estimated area planted to potatoes was 108,169 acres. The average production per acre is reported at 109 bushels. Nearly every county in the state reports rot, the damage ranging from one to ten per cent with an average of three per cent for the State as a whole.

The average condition of hogs is reported at 94 per cent, compared with an average, the number to be fattened shows \$9 per cent. Hog cholera is prevalent in many sections of the State.

MRS. CHAS. OWENS DIES EARLY TODAY

Sad beyond words was the death at 6 o'clock, Friday morning of Mrs. Elizabeth Owens, wife of Charles Owens, at Fayette Hospital.

For the past month Mrs. Owens battled bravely with typhoid fever and Tuesday evening was brought from her home at Manara to the Fayette Hospital that she might have every attention.

Mrs. Owens was 55 years of age and belonged to a well-known Fayette County family being the daughter of Mr. R. G. Andrews, of Bloomingburg. She leaves a large circle of relatives and friends who will learn with deep regret of her death.

Besides the bereft husband, Mrs. Owens leaves five children, Joseph Glenn, Fanny, Paul, Pearl, and Maud Ellen; Mr. Andrews, the father, also survives and the following brothers and sisters: James D. Denver, Colo.; George L. Ross County; Claude, Columbus; Will, Pickaway county; Joseph G. John and Frank of this county. Mrs. Mary Shumate, Oklahoma City, Okla.; Mrs. Pearl Johnson, Delaware county; Mrs. Lovisa Clark of this county.

Funeral services will be held Sunday afternoon at two o'clock from the Methodist Church in Bloomingburg. Interment in Bloomingburg cemetery.

A LITTLE SHARP

Though the majority against permitting Ohio women to vote for presidential electors is smaller than was the majority against full suffrage in 1914, and in all directions we show increased strength, it is a little humiliating to feel that the men of New York hold their women in so much higher esteem than do the men of Ohio.

FARM NOTES

DON'T SLAUGHTER BROOD SOWS

Owing to a falling hog market and the steady price of corn and other feeds, there is a tendency to sell or slaughter brood sows. The owner knows that the present price of pork is high. If he keeps his sows he will be required to use high priced feed.

On the other hand the hog man who sticks to the business through high and low prices is the one who makes the most money. The man who sells now on a falling market, is frequently the man who is tempted to go into the business when hogs are high.

There is a shortage of hogs over the

United States as well as in the world at large. From January 1, 1916 to January 1, 1917, the decrease in the United States was 313,000 head. In France the number of hogs has decreased 40 percent.

Pork lends itself more readily than any other meat for use in the army. With the enormous, an unusual needs of the men at the front as well as those of our allies the demand will be great and the price satisfactory.

EXTENSION WORK EXPLAINED.

A great deal is printed during the course of a year concerning farmers' institutes, county agents, agricultural extension specialists, correspondence courses, bulletins, cow testing associations, farm management demonstrations, boys' and girls' club work and other agencies for improving our agriculture. Just who is in charge of this work, how it is interrelated and what it is accomplishing is not always clear in every detail. An illustrated pamphlet answering these questions has recently been issued by the Agricultural College Extension Service at Columbus. A copy may be had without charge on application.

WILL TEST YOUR SOIL.

Would you like to have your soil tested for its content of lime, nitrogen and organic matter? In counties having no agricultural agent, upon request of five neighboring farmers, a representative of the Department of Soils of the College of Agriculture at Columbus will visit the farms, select samples typical of the soil and examine these as to content of lime, nitrogen and organic matter. A written report containing recommendations for soil treatment of the farms examined will be furnished.

SEED CORN WILL BE SCARCE
On account of the early frosts in

certain sections of the state, home grown seed corn adapted to the local communities will be scarce, according to W. E. Hanger of the College of Agriculture. Although the time for field selection of corn under ideal conditions is past, seed may still be selected. It will be profitable, therefore, to select and take the best care of this corn that is possible. Seed corn left over from last year, if in good condition, will also prove satisfactory.

FAYETTE SOLDIERS ARE NOW WITH GENERAL PERSHING IN FRANCE

Major Rell G. Allen, commander of the First Battalion 166th United States Infantry; First Lieutenant Billie E. Paul, of Company B, 166th United States Infantry, and M. Company, of this city, are now with the General Pershing Expeditionary Forces "Somewhere in France."

How long these officers and men have been in France will not be stated, but all have been safely transported across the submarine-infested Atlantic and are now in the training camp of the American Army, somewhere between the French coast and the great battlefield across northern France.

The Greenfield, Chillicothe and other companies, formerly known as National Guardsmen, are included with the Fayette county men in France.

Since the Fayette county boys are now "Over There" they will require every remembrance and attention that it is possible for their relatives and friends here to give them in the way of the countless little things that cannot be obtained in any other way. One of these things is letters from home and anything that can be sent.

Persons who send Christmas packages to the boys in France should do so within the next few days in order to insure their delivery by Christmas and should not send perishables that will spoil before delivery.

With the announcement of the presence in France of the Boys From Home—the Fayette county men, Fayette county citizens are brought face to face in a still greater realization of the seriousness of the present war, and the absolute necessity of doing everything in their power to help make life easier for the Boys From Home and for all of the troops in

ARGENTINE STRIKE WAS SERIOUS ONE

(Associated Press Correspondence)
Buenos Aires, November 9.—Violence and disorder marked the general railway strike which began last month and tied up all traffic in the Argentine for weeks. The trouble commenced when the workmen of the French-owned Province of Santa Fe Railroad, after presenting a list of demands to the management, began systematically to destroy the company's property, signals, buildings and rolling stock, at the city of Santa Fe. In order to prevent further damage, the company surrendered unconditionally. The damage done by the strikers represented something like \$100,000 gold.

Other labor troubles have been rife in the Province of Santa Fe. On every railroad in the country, the spirit of unrest spread and troops were sent to several points to protect property and stop intimidation.

INSPECTORS SEIZE MANY MEASURES

(By Associated Press Dispatch)
Columbus, O., November 9.—During the past week, more than 300 fraudulent measures have been seized by inspectors of weights and measures and are on exhibition at the office of the state sealer of weights and measures at the state house.

Ninety-five percent of the bad measures were confiscated in Columbus and many are of the so-called "stacking" method. State and local officials are getting ready to inaugurate a clean-up campaign which will rid the state and Columbus of dishonest measures which seem to be so generally used by unscrupulous dealers.

OHIO MAY SOON BE IN LEAD RAISING PURE BRED CATTLE

(By Associated Press Dispatch)
Columbus, O., November 9.—If farmers, dairymen and stock raisers follow the example that is being set by the state itself, Ohio within a few years will be the greatest state in the Union for purebred cattle.

Ohio has specialized in Holstein cattle and today has a herd of more than 700 registered pedigreed cows, heifers and bulls. These animals furnish the wards of the state at the various institutions with untold pounds of butter and milk during the years and save Ohio taxpayers much money that would otherwise have to be expended for supplies of this nature.

Few Ohioans realize the progress that has been made in last few years by the state in cattle raising and dairying. During the National Dairy Show in Columbus, butter made at the Athens Hospital for the insane was awarded first prize for the state and second prize for the Nation.

Cottage cheese made at the same institution was acclaimed the most perfect exhibited at the big show.

In the state herd no cow is kept that gives less than 8000 pounds of milk a year, and careful records of every cow is kept by an expert.

Washington, Nov. 9.—How thoroughly Germanized Bulgaria has become since her entry into the war on the side of the central powers is evidenced by a speech made recently by the vice president of the Bulgarian parliament, discussing the motives of the war. Notes of this speech received here contain this quotation: "This war has proved better than anything else ever did that might makes right. Might is right. Bulgaria is proud to be the sincere ally of the Germanic powers."

GROCERS LINE UP WITH FOOD ADMINISTRATION

Importance of Co-operation With Government Impressed Upon Retailers Who Will Do Their Bit in Every Way Asked—Seriousness of Food Problem Is Shown.

A delegation of local grocers, composed of Messrs. Ed Fite, Earl Barnett, J. W. Duffee, G. C. Kidner and N. S. Craig attended the conference of retail grocers from all over the state, with Ohio Food Administrator, Fred C. Croxton, Thursday afternoon, and were deeply impressed with the necessity of absolute co-operation with the United States Government in efforts to husband the food supply and to do all in their power to keep prices as low as possible.

Not only did Mr. Croxton address the grocers, but some of the grocers addressed the others, and when Samuel McMaster, Youngstown grocer declared: "I am in business this year to lick the Kaiser and I don't care whether I make a nickel or not," he was accorded a hearty round of applause.

Many economies in the trade were discussed. By unanimous vote the Ohio retailers agreed to accept the suggestions recently made by national retailers' representatives in which all agree, whether licensed or not, to do the following:

Discontinue the solicitation of orders during the war.

Limit all deliveries to one day to any one family or on any one route.

Concentrate efforts on selling whole-some and nutritious substitutes for white flour and meat.

Work along a cash basis as much as possible.

Sell as much from the bulk ship-ments as possible in order to lessen the expense entailed in fancy pack-ages and wrappers.

Do not fill an abnormally large order for anyone where there is evidence that hoarding of food is intend-ed.

The grocers were told by Adminis-trator Croxton that "wheatless" and "meatless" days were soon to be in-augurated in Ohio and that they would be expected to put out sugges-tions to consumers.

Mr. Croxton told the grocers of how the rations of the French soldiers had been reduced below the normal in order to husband the food supply, and called special attention to the abso-lute necessity of saving all kinds of food as one way of doing one's "bit" in the great struggle which may re-quire years of sacrifice and fighting.

COAL ON WAY FOR LOCAL POWER PLANT

With one car of coal on hands and seven additional cars on the way, the Washington Gas & Electric Company feels secure from a coal shortage for two or three weeks to come.

The company is making every ef-fort to have an adequate supply of coal come in right along, and no fur-ther serious difficulty is anticipated if the present month can be tided over.

ARTILLERY ROAR TO SHAKE HILLS

Roar of artillery will soon shake the hills of Pike and Ross counties, the much searched for range of the Eighty Third Division of the National Army having been established on the Ross-Pike line with the center of the range some 11 miles from Chillicothe.

Division headquarters today was trying to close negotiations for a site in that section 5000 by 1000 feet. The regular dimensions of an artil-tery range are 2000 by 8000, but no such tract could be found.

LEAVITT PICTURE IN CHILLICOTHE

OHIO WESLEYAN QUICK TO ACT

Delaware, O., November 9.—With-in fifteen minutes Ohio Wesleyan stu-dents subscribed \$4537.50 to the Army Y. M. C. A. fund for prison camp re-lief in Europe. The cause was pre-sented in chapel on Thursday.

President Hoffman presented the claims of the Y. M. C. A. very graphi-cally and the response was immedi-ate. The campaign is not over yet, a goal having been set at \$8,000.

MOTHER TELLS OF AID TONIC GAVE FAMILY

Health of Self and Daughter Im-proved by Taking Tanlac, She Says—Describes Benefits.

"I used to tire out easily and had a headache most of the time but it's different since I've been taking Tan-lac," said Mrs. Mary Unkrut, 1508 St. Clair Avenue, Covington, Ky.

"My appetite was poor and the food I did eat was not digested right. I used to have a pain in my stomach a great deal of the time and also my limbs ached a lot.

"My husband, who is a painter, heard somebody at the shop telling how good Tanlac is and when he told me about it I decided to try it. My appetite is splendid now and I can eat about anything I want without any bad effects. I sleep soundly at night now, too, and get good rest and the tired out feeling I used to have is gone. Those pains that bothered me so much have disappeared also.

"My little girl took Tanlac too and it has improved her health wonder-fully.

"Tanlac has been a great help to my family and I recommend it."

If you are not feeling right get Tanlac today. Don't put it off. Delay in health matters is dangerous. You can get Tanlac at Blackmer & Tan-quary's drug store, Frank Christoph-er's drug store, or C. S. Haver's drug store. Advt.

"I BELIEVE THAT NERV-WORTH IS GOING TO CURE ME"

Declares Mrs. J. H. Elliott, Wife of Norfolk & Western Con-ductor.

The following extraordinary signed statement is worthy of the most care-ful attention. It was made at the Nerv-Worth drug store in Roanoke, Va.:

"My husband was in your store and the demonstrator of Nerv-Worth gave him a sample dose and explained the good qualities and what it would do for sick people. Being convinced Nerv-Worth was a good remedy he purchased a bottle for me. I have been troubled with my head for years and with all my doctoring I did not get any permanent relief. At times my head would hurt me for days so that I felt like I was going to lose my mind. After taking one bottle of Nerv-Worth I feel so much improved. IN FACT MY HEAD HAS NOT BOTHERED ME SINCE TAKING NERV-WORTH. I am purchasing the second bottle today and believe Nerv-Worth is going to cure me."

"MRS. J. W. ELLIOTT, 1424 London Ave., Roanoke, Va."

The Nerv-Worth salesman adds to the above that Mrs. Elliott left for New York with her husband, the day after buying the first bottle of Nerv-Worth and that by using the tonic while away she made the round trip without having any trouble with her head.

Brown's drug store and Christoph-er's drug store sell Nerv-Worth in Washington C. H. Your dollar back if this famous family tonic does not help you. Advt.

DEALERS ALLOWED A SMALL PROFIT

(By American Press)
Washington, Nov. 9.—Thousands of tons of coal held by jobbers and wholesalers was made available for emergency distribution when the fuel administration decided to allow the dealers to take a small margin of profit on coal they had contracted for at high prices before the government prices were fixed.

Under previous orders jobbers have been permitted to sell only at a small margin above the government price at the mine, regardless of the figures named in their contracts. Because in many instances this price was less than the coal cost them, the jobbers have held their coal.

The new ruling provides that the jobbers may sell at a margin of 15 per cent above the contract cost to purchasers to be designated by state fuel administrators. The fuel administrators will place the coal in communities most in need of it and expect no difficulty in disposing of the supply even at the higher prices.

Measures to increase coal production were taken up at a conference between officials of the fuel administration, directors of the National Coal association and representatives of the railroad war board, the priorities committee and the interstate commerce commission. Consideration was given to a proposal that coal shipments be given preference in transportation over all other commodities except food and war supplies. This step was urged particularly by the coal operators, who claim that car shortage is forcing mines to stand idle in many parts of the country.

OPERATION TODAY TETANUS LEAVING

By the heavy use of antitoxin for lockjaw, the physicians attending Mr. Pearl Ekkle, of Madison township, are beginning to bring good results, the lockjaw of which Mr. Ekkle has been suffering having almost disappeared.

After a consultation Wednesday it was decided to call Dr. Brock from Columbus, and he was to perform an operation, Thursday afternoon, to bring relief where the bone of the leg was shattered when an automobile trunk struck him last week, causing a fracture which terminated in tetanus, and which affliction has been all out broken up by antitoxin.

THOUSANDS CALL FOR ELECTION NEWS

During the past few days thousands of telephone calls have been answered at The Herald Office regarding queries concerning the wet and dry vote in Ohio.

Hardly a minute has elapsed since seven o'clock Tuesday night which has not brought from one to a dozen telephone calls. These have been answered as well as possible under the pressure of the usual work about a newspaper office.

The Herald is always glad to furnish information in this manner, but persons calling, in view of the countless other calls, must make their questions to the point at once, so that no unnecessary delay may result.

PREACHER GROWS CHAMPION 'TATERS

Rev. G. H. Harper, who is moving from this city to Belfast to take up work on the Presbyterian circuit at that place, reports what is believed to be the champion potato production in this part of the state.

Rev. Harper states that last spring he planted a potato weighing 6 ounces, and the potato produced 25 12 pounds of "spuds."

STIRRING RED-BLOODED BATTLE FOR LIFE IS TERRIBLY REAL

"I Don't Believe There Was Ever a Picture Made With Such a Fight Between Two Humans—Its Terribleness Fairly Makes One Quiver With Excitement."

An authority says:
"After a man has viewed 'When a Man Sees Red' he finds that his finger-nails have gripped the arm of his chair, and that his forehead is moist with the tenseness of the scenes. It is the kind of picture that words can not adequately describe. One must see this wonderful picturization of a strong man's emotions."

"I have seen William Farnum in some great pictures, but 'When a Man Sees Red' is greater than any. I can appreciate its exactness of detail. Once I was a sailor, and never have I seen on the screen such remarkable reproductions of sailor life and atmosphere. There isn't a scene in the marine 'locations' or aboard ship that would disturb a mariner's oft ignored ideas of exactness. Your real sailor-man frowns upon the landlubber's interpretations of sea life."

"The shipwreck is wonderful. No one can mistake the absoluteness of the vessel pounding on the rocks, and her crew and passengers struggling for their lives. One involuntarily holds tight to his chair to keep from slipping when the cabin is flooded with water and the lurchings of the craft in her death struggles are so realistically shown. Of the types they are true to their calling."

"The light effects of the night scenes is an exhibition of magnificent photography, and in the cafes the director, R. A. Walsh, has added touches that to the man of the world are actual-real."

"And in that stirring, red-blooded battle for life, between two strong humans, all the emotions of the soul are stirred. I found myself with hand clinched 'rooting' for Luther, with all the excitement of a man at the ring side yelling for his favorite fighter."

"I don't believe there ever was made a picture with such a fight between two humans. It is terribly real—its terribleness fairly makes one quiver. No one but a human graveyard could help but be stirred to his innermost self by its climax."

"William Fox has made possible and William Farnum has enacted the most thrilling, the most dramatic photo-drama of the age. Its gripping effects will cause a sensation among motion picture lovers."

This picture will be shown at The Palace Theater, Wednesday, Thursday and Friday, November 14, 15 and 16. Matinee each day at 2:30. Adv.
